### Valley Water Rescue to Display Grant Funded Rescue Boat

CASS COUNTY, N.D. (June 9, 2014) – The Cass County Sheriff's Office and Valley Water Rescue were the recipients of a **ND Department of Emergency Services Grant** which allowed for the purchase of a customized 2014 Lund Boat and accompanying equipment. This boat will serve primarily as a search platform for sonar equipment already owned by VWR. The addition of this boat will greatly enhance the search and rescue capabilities of VWR.

Members of VWF will be displaying the boat, today at 4:30pm, at the mid-town dam boat landing, near dike-east. The boat will be displayed prior to the kickoff of the **Riverkeepers Annual Canoe Race**. The canoe race will begin at 6:00pm.
